

TiAnViCa
“Riding For Therapy”
HORSE SPONSORSHIP PROGRAM

Our horses form the structure upon which our program is built. They provide the physical activities that give our riders self confidence and help them achieve their goals.

Some of our horses come to us from a background of neglect, while others have been retired from lives of work and performance. We see how these magnificent animals provide a unique experience at our ranch as they reach across the horse/human connection to create the magic that happens in therapy riding.

Our program offers these horses a home and the freedom to enjoy hours out at pasture while still having a purpose. It takes a special horse to be accepted into this position as caretaker and teacher for our students. Our duty lies in providing them with all of the essentials of feed and supplements, veterinary care, professional farrier trimming and shoeing as needed, and the right equipment for their job.

Please consider sponsoring one of the horses in our herd. By choosing a sponsorship, you can ensure the ongoing success of our program and the quality care of our wonderful horses.

For your donation of an annual sponsorship you will receive:

Certificate of Sponsorship along with a picture of your horse
Sponsors Name engraved on a plaque on the horses stall door
Recognition in our TiAnViCa publications
1 ticket to our annual Kentucky Derby Fundraiser Event
Tax Deductible Receipt
